

# The overall benefit of using the Fit Fur Life treadmill is to provide a finely controlled, precise and measured form of exercise.

### Orthopaedic, fracture & spinal rehabilitation

- Improves post operative rehabilitation in any joint surgery
- Improves joint flexibility
- Increases and re-builds muscle tissue
- Improves limb balance
- Aids rate of recovery after surgery

### Arthritis and joint disease

- Controlled cardio vascular workout improving overall circulation
- Encourages agility through strengthening and building muscle tissue
- Incline feature aids rehabilitation of hip, hock and lower spinal problems
- Decline feature aids rehabilitation of shoulder, elbow and pastern problems

### Obesity control

- Improves cardiac function and tolerance to exercise gradually
- Improves muscle tone
- Dramatic improvement in attitude, well being and fitness

### Pre-show conditioning

- Gain optimal appearance
- Avoid lengthy grooming during bad weather
- General exercise and fitness—dogs become obsessed with it!

## CASE STUDIES

To arrange a personal training programme on the use of our dog treadmills please contact Fit Fur Life on +44 (0) 1428 652088 or by visiting the Contact Us page at [www.fitfurlife.com](http://www.fitfurlife.com)

## Training, rehabilitation and exercise treadmills for all breeds of dogs

### FIT FUR LIFE TREADMILLS USED BY:

- Cesar Millan "The Dog Whisperer"
- Fitzpatrick Referrals
- Guide Dogs for the Blind
- Harrods Dog Spar
- Chilterns Dog Rescue
- K9 Security Dogs Netherlands
- Stal Hazelberg Miniature Horses Netherlands

*"My dogs queue up and can't wait for their turn on the treadmill - they absolutely love it"* Mrs Geall - Whippet breeder

*"The day the treadmill arrived we set it up and started my dog, Anya on it. It was very easy to use and once she was used to the movement Anya was away!. She now loves to use it, and can't wait once she knows she is going on it."* Pat Oborn - German Shepard Breeder

*"We have been using the treadmill on our own dog's which are Collies, Collie Cross Spaniel and Great Danes. Our inquisitive Collie now jumps on it every time we go to the pool and waits for us to turn it on. It is a very good accompaniment for the Hydrotherapy pool."* Jayne Reed -The Dog Pool

*"The Fit Fur Life treadmills have enabled me to refine the rehabilitation, under controlled conditions, of both medical and surgical conditions. This has improved the rate of recovery and the end result."*

Chris Serjeant B.V.Sc, M.R.C.V.S - Total Petcare Ltd
